

POULTRY HOUSE APPLICATION SUMMARY

THIS IS A SUMMARY ONLY.

For more specific details, ask for the Poultry Ordinance, which is the regulating document.

PERSONS WHO NEED TO BE CONTACTED BY APPLICANT PRIOR TO OBTAINING FINAL ZONING APPROVAL AND BUILDING PERMIT FOR POULTRY HOUSE

1. Contact Community Development Office (564-3030) at the Administration Center, 20 East Gay Street should you have questions.
2. Contact Crawford Patterson at (540) 332-9224 concerning Nutrient Management Plan.
3. Contact Kevin Williams (564-3047) - Administration Center, 30 East Gay Street concerning Erosion and Sediment Control Bond.
4. Take application for poultry house to Virginia Department of Transportation (434-2586) for their approval.
5. Have professional engineer designate a litter storage site.
6. Contact a licensed surveyor to shoot distances from:
 - a) proposed poultry house to all property lines
 - b) proposed poultry house to dwellings
 - c) proposed poultry house to public wells, springs, and water intakes
 - d) location of litter storage site and any bird disposal area.
7. Obtain any certified signatures needed for setback reductions.
8. Contact State Lab (434-3897) on Reservoir Street regarding disposal of dead birds. Indicate method of disposal of birds and location.
9. Return application and supporting information to the Zoning Administrator. (Review of application will usually take several days. Applicant will be notified when review is completed). The fee for this is \$10.00.
